

A BOLD ROBBERY OF EXPRESS OFFICE.

Three Bags Containing Over
\$32,000 Taken at
Oil City.

ROBBERS MAKE GOOD ESCAPE

Money Belonged to the Pennsylvania
Railroad and Had Been Deposited
With the Express Company Temporarily—No Arrests Up to Noon.

United Press Telegram.

OIL CITY, Pa., May 19.—Three bags containing \$32,000 were stolen from the office of the Adams Express Company here this morning. The money was brought to Oil City this morning by a train from Philadelphia, and a passenger from the Philadelphia office of the railroad company arrived here on a morning train from Oil City. The money was some business in the city and deposited the money with the Adams Express Company until they were ready to pay it out to employees of the railroad.

The money was received by the day manager of the office and he put it in charge of the night manager J. A. Truly, who was still about the office. There were three bags, rather bulky, so large in fact that they would not go in the safe. The bags were put in a box and placed under the counter.

It was necessary for the employees about the office to be out on the station platform to meet several trains. It is supposed that while the force was absent taking care of the business of Pittsburgh and Buffalo train No. 63 that the robbery was committed. After the money was deposited in the office two strange men came in and expressed a box of cigars. When the clerks returned to the office after the Pittsburgh train had gone they found the door which had been closed with a spring lock, open, the box under the counter pulled out, and the three bags of money gone. The robbery was immediately reported to the police, but up to noon no arrests had been made.

So far as known there is no clue for the police to work on. The express company people did not pay much attention to the men who expressed the cigars. One theory is that whoever stole the money had their plans made before and that a place to hide it, not far away from the station had been previously selected. It would be at most impossible for the robbers to get any distance away with the bags. Their only chance would appear to be to get rid of the money temporarily and hide it away until an opportunity afforded itself to remove it.

REAL SUMMER WEATHER.

Comet Gets Credit for Leaving Clear Skies Behind.

The comet has evidently departed or at least is receding, and leaves some weather of the genuine summer variety. Yesterday afternoon was particularly comfortable for those who have tired of the half-winter-half-spring variety that has been handed out by the weather man of late and today promises to be even better.

The temperature this morning was 55 at 8 o'clock and rose steadily as the day progressed. The river is falling once more, going from 2.51 to 2.55 feet over night.

Sites Are Picked for Western Maryland Construction Camps.

Agents of the Western Maryland are getting busy closing up the options they have taken for rights of way between here and Cumberland. On the West Side and around Ohioville there has been considerable activity during the past couple of days.

Preparations are already being made for the construction camps along the 50-mile stretch which will be let to sub-contractors. This district has been cut in two, Fort Hill, in Somerset county, being the dividing line. On the stretch between Fort Hill and Connellsville, will be three construction camps. One of these will be a short distance above Ohioville, the other just west of the same town, and the third between Indian Creek and Connellsville, possibly in the vicinity of Greensburg.

The depot at Ohioville will be located across the river from the Baltimore & Ohio railroad and the rights of way through the borough have nearly all been taken over by the company. The contracts will be let tomorrow in Pittsburgh and the successful bidders will be expected to get busy at once.

Somerset Meeting of Jesse H. Wise Rather Attenuated

Special to The Courier.

SOMERSET, May 19.—Jesse H. Wise, of Greene county, Democratic candidate for Congress, is adding a full measure to the galaxy of the present campaign. Mr. Wise had dodgers deflected last week and distributed about town announcing that he would discuss the "burning issue" from the steps of the court house assembly room at 8 o'clock Friday evening. When the appointed hour arrived five Democrats and 22 Republicans were present, but before the candidate had concluded his harangue the number was reduced to four Democrats and eight Republicans, including the court house janitors.

Mr. Wise announced his platform "fighting with 'good roads' and concluding with 'a national department of health,'" and in between made a stab at the tariff and boasted a parcels post. He talked for almost two hours and of his audience had remained he would probably be talking yet, explaining why he should be honored with the endorsement by his party associates.

Wayne told her to go to the bank and draw out all her money, placed it in the bottom of her dress and walk around for two hours. Miss Cochran drew \$1,000 from the First National Bank, all she had there, and followed instructions.

When she returned to the rooms of the clairvoyants she found Wayne awaiting her. Miss Nella was in a trance in the adjoining room. Following Wayne's instructions, Miss

Cochran placed the \$1,000 in the bosom of Miss Nella's dress and took a ring from the clairvoyant's finger. She then went out and walked around for another two hours.

Returning to the rooms of the pair, she found a note telling her to wait. She presumed the others were in a rear room. She waited from 2 o'clock until 7 in the evening and then realized that she had been deceived.

The matter was reported to the authorities and County Detective Alex McBeth is working on the case.

Burkey McCormick's Narrow Escape From Being Burned to Death.

Burkey McCormick, former policeman and well known about town, was seriously burned at his Prospect street home early this morning and owes his life to the presence of the mind of his wife who prevented him from inhaling flames. Mr. McCormick has been confined to his home for several months owing to illness from dropsy.

Needing a drink of water during the night, Burkey rose and felt his way down the stairs in the darkness, he stumbled over a gas stove which had been left lighted. His night garments

caught on fire and began to blaze. Mrs. McCormick was aroused by the commotion and came to his rescue. Although not fully awake, Mrs. McCormick pressed her hand over her husband's mouth, to prevent him from inhaling any of the flames and with her other hand beat out the flames.

McCormick was painfully burned about the chest and neck but his condition is not fatal. Mrs. McCormick was also painfully burned as a result of her heroic efforts to save her husband from intense pain and fatal injury.

TEN POWERFUL REASONS WHY!

Showing That the Aaron Store Really Earns All Your Trade All the Time.

1. The patterns we now show are from one to two seasons in advance of all other stores in Western Pennsylvania.

2. Every up-to-date idea in furniture has had its first showing in the Aaron store.

3. The best homes in Connelville contain Aaron furniture, many of them to the exclusion of all others.

4. When you purchase here you are sure of securing designs that are the very newest and latest.

5. Nothing here is shopworn; our stock is fresh and brand new.

6. We carry but one pattern of every good design; no two alike; therefore you are sure of exclusiveness and different from your neighbor.

7. We do not accept any Tom, Dick and Harry brand of goods that happens to come along; we are particular in seeing that we get none but the supremely best.

8. We are exclusive sales agents for the most prominent furniture factories of Grand Rapids, the hub of the furniture world.

9. A glance through our enormous establishment will prove that we are originators, not imitators.

10. We extend clean, dignified, honorable credit to every deserving person; and we mark every blessed price in plain figures.

The "Hoosier Special" Kitchen Cabinet reveals all kitchen cabinets in quality, and is fully 25% less in price than any other kitchen cabinet on the market. If you have ever heard anybody say all kitchen cabinets are alike do not believe them. The "Hoosier Special" is different and superior to all others. Remember, many cabinets may look alike on the outside, just as some pianos resemble the Steinway piano, but quality may not unfold itself until after months of service. Crusade Against Dogs.
The number of people who have
been bitten by dogs whose heads on
examination were pronounced to show
hydrophobia and the large number of
ownerless dogs and unmuzzled ones
that are about town, has caused the
calling of a meeting at the Borough
building on Friday evening to inaugu-
rate a crusade against the dogs. Dr.
C. W. McKee in speaking of the mat-
ter this morning said that several of
the citizens have been talking over
the subject and think it should be
brought before the proper officials to
cause the latter to take some action.
The public meeting is believed to be
the best means of considering the sit-
uation and getting something done
that will be widespread and will not
take in only the borough, but the
county also.

Amusement Place Sold.
The Peerless Amusement Company,
of which John D. Shroy is the pres-
ident, has bought the Shaffer & Cus-

a member of the firm said will be
moved from the basement of the El-
mer & Graft building down to the new
place, which will make it the biggest
alleys of town. Mr. Shaffer is the one
who has sold out and his partner Mr.
Cunningham will be manager of the
new alleys which are known as the
Keystone alleys. Cash girls who man-
aged the alleys in the Elmer and
Graft building will have a prominent
part in the new concern and his per-
sonal popularity will prove a good
drawing card for the Keystone.

CRIMINAL COURT IN SOMERSET COUNTY.

Button Case Disposed of by Plea of Nolle Prosequere.

COSTS PLACED ON THE COUNTY

Pinkerton Murder Trial Begun. With Selection of a Jury Yesterday Afternoon—Judge Van Swearingen on the Bench.

Special to The Courier. SOMERSET, Pa., May 19.—Today, Leonard Button of Chicago, who has been confined in the county jail for about four months on three charges of false pretenses, appeared in court and entered a plea of nolle prosequere, stating that he was not guilty but was not in a position to make a defense. Judge J. Q. Van Swearingen of Fayette county, who was specially presiding in this case, accepted the plea, ordered Mr. Button's release and placed the costs on the county. The case was called for trial but Judge Kooser was unable to preside at the trial owing to his relationship to J. G. Ogle, one of the prosecutors. It was alleged that Button sold stock in an insolvent concern to several local people, representing that the concern whose securities he was selling was financially sound. In which John R. Harty is charged with tomorrow morning the murder case shooting William Peters at Pinkerton in March will be tried. The selection of a jury to try this case was completed yesterday at 3:30 o'clock. Peters and Harty were drinking together on the night of the alleged murder, and went to a store owned by Antonio DePompeo, an Italian, where they remained for some time. Harty finally left, walking down the railroad track with a companion. Harty followed him and it is alleged that he drew a revolver and shot Peters five times through the body, killing him. Peters was found after the shooting in a tunnel at Pinkerton, and it is claimed that he had no knowledge of the shooting. The trial will likely occupy several days. Samuel Ganner, tax collector of Somerset township, was acquitted on a charge of embezzlement of about \$21 of tax money in his hands, the prosecutor being L. E. Dorn. The costs were placed on the prosecutor. Tom Seaver of South Level was acquitted of a charge of assault and battery preferred by John Fulton, and the costs were placed on the prosecutor. Tammie Urban of Wimer was acquitted of a charge of malicious mischief but the costs were placed on the defendant. The prosecutor was J. H. Hissman. Emanuel Campbell and William Ankey were charged with assault and battery to kill, the offense consisting in an assault on Charles Smith of Meyersdale. Smith was struck on the head with an axe and lay in a critical condition at the county hospital. Campbell entered a plea of guilty to the charge and was sentenced to serve eight months in jail and pay a fine of \$25 and the costs. Ankey was released. It having been established that he had no connection with the offense. Lewis Nawatski of Boswell entered a plea of guilty in a charge of assault and battery preferred by Helen Miro and was sentenced to serve five days in jail. The following cases were continued: J. E. Morgan, larceny and false pretenses; D. J. Long, prosecutor; G. J. Wasson, violating liquor laws; C. H. Fryck, prosecutor; J. K. Johnson, prosecutor; William Gilbert, prosecutor; Scott Hefley, f. & b.; Mary Livingston, prosecutor; Frank Ardizze, f. & b.; Meggie Williams, prosecutor. The following cases were settled: Raphael Blumhach, et al., conspiracy; C. S. Shumaker, prosecutor; Joseph Juko, assault and battery; Andrew Quartrucci, prosecutor; John Harty, et al., malicious mischief; William Gilbert, prosecutor; Lloyd Vaughn, f. & b.; Mary Brown, prosecutor; John S. Shaffer, f. & b.; Lizzie Meyers, prosecutor; Charles L. Cochran, doer; John, etc.; Gertrude Cochran, prosecutor; W. R. West, doer; Emma West, prosecutor; H. K. Stoner, violating liquor laws; Nicholas Evans, prosecutor; Bert Harkeon, f. & b.; L. A. Harkeon, prosecutor. In the following cases the defendants did not appear and their recognizances were forfeited: Joseph Hoffman, violating liquor laws; S. R. Harfoot, prosecutor; Ellis Lambert, hawk and peddling; William Gilbert, prosecutor; Samuel Moore, f. & b.; William T. Hoffman, prosecutor. The Grand Jury ignored the bills of indictment in the case of Fred Shaulis and Harrison Shaulis, charged with violating the mining laws by James Gabahan of Somerset, and there was a nolle prosequere allowed in the charge of violating the mining laws preferred against H. E. Gray by Mine Inspector Nicholas Evans.

California Lecture Was Entertaining

"California" was the subject of the very entertaining lecture given at the Soloson theatre last evening by Col. F. E. Holp. Colonel Holp proved a very good talker and kept the audience amused and interested every minute of the time. The pictures were equally entertaining. Colonel Holp's object was to boom the Sacramento Valley. If the Valley is what Colonel Holp says it is, Fred Kurtz will have to get up some opposition to keep Conneltsville's 13,000 from hailing across the continent forthwith. Those who have seen the country say the Colonel did not exaggerate. Besides portraying the ideal life of the Sacramento Valley, newly developed by irrigation, Col. Holp told of other sections of the State. While the lecture was principally to boom the real estate campaign of H. L. Holp & Company, who are handling the selling end of the Sacramento project, it was mighty interesting whether or not one was interested in the land or not. The views of the West-Penn which were flashed at the beginning of the lecture made a big hit.

OFFICER FOUND DEAD.

Mystery Over Death of Police Chief at Derry, Pa.

LATROBE, Pa., May 19.—Mystery surrounds the death of Police William H. Brown, who was found dead in the Derry Police station at noon yesterday. Brown had been missing since last Monday evening, and although the jail was searched on Tuesday, no trace of him could be found. One of the cell doors was open, and this leads the borough officials to the belief that Brown might have been hiding somebody in a cell when at Latrobe. The body was lying on a cot and the key to a stove lighted. His revolver was gone. Brown, who was 35 years old, lived with his wife and three small children in the Southside of Derry. He was known as a fearless officer and by prosecuting a search for "Black Handers" incurred the enmity of many of the foreigners living in and about Derry. He was last seen alive about 10 o'clock Monday evening. When he did not return home on Tuesday morning his wife learned that he was away working on a case, but when she received no word from him on last evening, a search was instituted.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it keeps the vitality. The little white seed, the germ thrown up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send the in-stumps for sample to The Herpicide Co., Detroit, Mich.

PAID MONEY BACK

And Charge Is Withdrawn Against Leslie A. Howard.

Mrs. M. J. Cook of Conneltsville withdrew the charge of embezzlement against Attorney Leslie A. Howard yesterday upon being paid back \$115 she had given Howard. The money was paid to Mrs. Cook by the justice in the presence of S. H. Howard, the defendant's father. In the information, which was made before Justice John Boyle recently, Mrs. Cook charged that Leslie Howard had acted for her in a mortgage loan with the Iron City Savings & Loan Association and that Howard appropriated the money to his own use. Mrs. Cook claimed that she had given him the \$115 to pay off a mortgage but the company never received the money.

THREE BURNED TO DEATH.

Black Hand Blamed For Fire in New York. NEW YORK, May 19.—(Special.)—Three persons, a man, his wife and their nine-year old daughter, were burned to death in a tenement here, two others, both sons of the dead man, were so badly injured that one cannot live while the rest of those in the building barely escaped death in one of the fiercest fires New York has seen in recent years. The police believe it was not an fire by incendiaries and perhaps by members of the so-called Black Hand organization. The upper floors of the houses were completely gutted and the whole structure, parts of which it is thought had been saturated with oil, burned like tinder.

100 ARE KILLED IN CUBA EXPLOSION.

Three Thousand Pounds of
Dynamite Lets Go at
Pinar del Rio.

WAS SIGNAL FOR UPRISING

Government Rushes Troops to the
Scene—Many Buildings Are Wrecked—
Explosion Occurred in the Bar-
racks.

Havana, May 19.—The barracks of the rural guards at Pinar del Rio was blown up and 100 persons were killed. Owing to the race disturbances the dynamite being used on the various public works in that section had been collected and stored in the barracks, the quantity there being 3,000 pounds. Orders had been given for the removal of the dynamite to the regular powder magazines and the government reports state that the explosion occurred while this was being done.

However, it was the day that was fixed by the negro conspirators for an uprising, the earth's entering the fall of Halley's comet to be the signal, and many entertain the belief that the explosion was the first overt act of the revolutionists.

Several special trains carrying troops have been rushed from Havana to Pinar del Rio. General Montenegro, commander of the rurales, and several officials accompanied the troops.

The barracks, in which were quartered the rurales, a number of public works employees and officers' families, were completely destroyed. Commandant Ravana, with all his family and other families are among the killed. A corporal of the rurales is the only survivor.

Many buildings in the vicinity of the barracks were wrecked. There is the most intense excitement, both at Pinar del Rio and Havana, every one remembering the abortive attempt to start a revolution some time ago by murdering the sleeping rurales in their barracks at Guanabacoa, a few miles from Havana, which atrocity the late Senator Morua Delgado investigated.

The negro uprising, for which Senor Estrera, who is now in jail awaiting trial, is alleged to have been planning, was, it is said, arranged to start simultaneously in Pinar del Rio and Santiago provinces on the night of May 18.

The government insists that the explosion was an accident.

Clothes Like These You'll Seldom Find

You might well ask double the prices at which we sell Adler-Rochester clothes.

For the makers limit their profit to six per cent, and spend four times on the making what some makers spend.

No greater values are possible the world over. For no other clothes are sold with but 6% profit—all that is accepted by the makers of Adler-Rochester clothes.

Each garment's every detail is the work of an expert custom tailor, who does but the one thing.

This, and the efforts of Master Designers, are what have made the Adler-Rochester style and fit matchless in their superiorities.

Adler-Rochester Clothes

And the materials—the choice of each season's finest fabrics—are the selections of the rarest experts in cloth.

Our stock of Adler-Rochester grays and blues—fashions' most favored colors today—is well worth your inspection, if beauty in clothes at all appeals to you.

So make us an early visit—today if possible—if for no other reason than to see what well dressed men will wear this season.
